Slaughter - Death - Corruption

get the dirt @ ***OBAMASWEAPON.COM***

Military Mind Control is practiced at the Oregon State Hospital.

Patients are tortured and used in experiments, done away with, and abused every day. Some get drugged, others have radiation used on them, and countless others are framed to look psychotic to hide it all. All are denied homes in the community and are forced to take part in the state and psychiatries madness.

Learn the truth of how this happened to me @ OBAMASWEAPON.COM
